Social Event Night

by Jonathan Sy - Council Member

On 23 July 2010, SCSS held its first social night for 2010 at the Loof Bar. There were twenty five attendees, who enjoyed a great relaxing atmosphere with good food and drinks thanks to our event sponsors Toshiki International and Technico Flor.

The event was not just a social night where members get to network and enjoy each others' company, it was also a learning night. The event included a presentation on GMP in Cosmetics Manufacturing by Mr. Darren Freestone.

Mr. Freestone, who is with consulting firm SeerPharma, discussed the current guidelines on the control of cosmetics products in Singapore. He also expounded on what GMP means for cosmetics manufacturing and what are the requirements for companies who manufacture and/or market cosmetic products in Singapore.

Please refer to the attached presentation file for more information on this topic.
